

JOINTLY PRESENTS

**ACT(S) 16TH ANNUAL GENERAL MEETING
AND
THOUGHT LEADERSHIP: RISK MANAGEMENT ACCOUNTING
WHY ARE YOU STILL MARKING TO MARKET?!
ACHIEVING EFFECTIVENESS UNDER IAS 39**

P&L volatility is not a good choice for companies in these times of market turmoil. US GAAP followers have lived with FAS 133 for 7 years. European and Australian companies are figuring out IAS 39. Learn from the mistakes and best practices of companies who have adopted hedge accounting and reduced P&L volatility of valuing hedges every period.

Speaker

Jiro Okochi, CEO and Co-founder of Reval will address:

- Getting a handle on exposures. Can't hedge what you do not know
- IAS 39 made easy: Tricks to effectiveness testing
- Practical examples and case studies
